

**The American Heart Association 2005 Guidelines for
Cardiopulmonary Resuscitation and Emergency
Cardiovascular Care have recently been released!**

Please take a moment to review this overview of the recent changes to the *AHA Guidelines for CPR and ECC* by visiting the following Web Site:

<http://www.americanheart.org/downloadable/heart/1132621842912Winter2005.pdf>

To download/review the complete guideline documentation please visit the following Web Site:

[http://circ.ahajournals.org/content/vol112/24_suppl/#_AMERICAN HEART ASSOCIATION GUIDELINES FOR CARDIOPULMONARY RESUSCITATION AND EMERGENCY CARDIOVASCULAR CARE](http://circ.ahajournals.org/content/vol112/24_suppl/#_AMERICAN_HEART_ASSOCIATION_GUIDELINES_FOR_CARDIOPULMONARY_RESUSCITATION_AND_EMERGENCY_CARDIOVASCULAR_CARE)

Visit these Webcasts regarding the new recommendations for the Hospital, EMS and corporate/community areas by going to the following Web Site: <http://www.eccguidelineswebcast.org/>

Please forward this information along to any of your friends and/or peers that may have taken CPR classes in the past. With new compression/breath ratios and other revisions, they might really benefit from this information (and hopefully consider taking a refresher CPR course).

If this helps just one person, it's well worth the time!
