

Fireground Hazard Identification

Discussion

If your company arrived on the scene of these incidents, what fireground hazards could you identify and what would be your actions regarding them?

- What fire scene hazards might be present at these fireground incidents?
- What operational hazards might be present?
- What modes of attack are represented?
- What alternatives to actions be taken might you consider for your crews?

Consider

- Bldg. Construction hazards
- Firefighting Operations
 - Utility hazards
 - Ladder placements
 - Stream positions
 - Crew assignments
- Risk Assessment Use
 - Accountability
