

# Drill Lesson Plan

Tactical Operations Size ups through simulation

By: Captain Mike Gallagher

## Objective

To give an overall lesson on the “JAWS” from what tools are? How to use them? How to maintain them. Give an overview of the WARN winch on the heavy rescue.

## Referenced Materials

TMFD SOG  
MCTO PPT

## Topics

- Managing Company Tactics and Operations
- Size up practical through Simulator

## Safety Considerations

Professionalism

## Equipment

Classroom  
Projector  
Laptop computer  
Digital Combustion Software

## Lesson

- 1.) **PPT presented by Captains Gallagher and Sweeney**
  - a. MCTO
- 2.) **Size up simulations with Digital combustion software**
  - a. Digital Photos taken of Jurisdiction buildings and add to software to make smoke and fire situations.
  - b. Given directions and scenario
  - c. Size up instruction.
