

# Drill Lesson Plan

Vehicle Inventory, maintenance, and readiness

By: Captain Mike Gallagher

## Objective

To give all TMFD personnel opportunity to learn all facets of inventory/inspection after an incident. Drill was designated due to weather (ice storm) and a recent structure fire on Crestview Ave.

## Referenced Materials

TMFD SOG  
TNT Owners/Maintenance manual  
Apparatus inventory sheets

## Topics

- Inventory
- Readiness
- Equipment Maintenance

## Safety Considerations

Professionalism  
Practice safety with all equipment  
Gloved hands when handling tools  
Cleaning equipment from fire impingement

## Equipment

Apparatus  
All equipment used  
Soap/Cleaning supplies

## Lesson

### **1.) Inventory**

- a. All vehicles checked against updated inventory for the specific apparatus
- b. Procedures for correcting inventory
- c. Updated inventory sheets when necessary

### **2.) Readiness**

- a. When is a particular apparatus “back in service”
- b. Has all equipment been checked for safety and function
- c. Would you be willing to let your fellow member use it

### **3.) Equipment Maintenance**

- a. Why do we maintain or check over everything we use
- b. How do we do it efficiently and safely
- c. References (manufacturer recommendation)
- d. What do we maintain
- e. Cleaning
