

What if there was a FIRE...
and no one came?

What if it was at YOUR house?

Dear Resident:

Do you feel the need to give back to your community, but you're not sure how? Or have you always had an interest in riding in the red truck, saving property and sometimes even saving lives? The Ponderosa Volunteer Fire Department is looking for dedicated individuals to join our team of volunteer firefighters. Our next Recruit Academy will begin mid-to-late August. We hope you'll consider becoming a member of this respected organization.

Potential members must: (1) Be 18 years or older, (2) Reside within the 77090 zip code and, (3) Be in good health. If you meet these criteria and graduate from our challenging Recruit Academy, the PVFD will provide you with excellent insurance, a performance based incentive program, a personal savings account program (after three years of acceptable service), family activities, and a host of other benefits including state of the art protective clothing, equipment and apparatus.

Stop by today and take your first step toward becoming a valued member of your community. Pick up an application at Station 1 in the Ponderosa Subdivision, 17061 Rolling Creek

Sincerely,

Fire Chief
